

## Poor Man's Throne - SKL Music 2024 ( Medium Groove )

V1

Sitting on a poor man's throne  
But I ain't gotta listen to you  
I might be sitting on a poor man's throne  
But I ain't gotta listen to you  
Drinking up the freedom  
I'm out of the zoo

V2

I'm waiting at the station  
Playing this old Guitar  
Waiting at the station  
Playing this old guitar  
Don't mind where I'm heading  
I don't care how far

Chorus

Got a fire that's burning, got a fire that sings  
Got a fire now that's burning, lickin' high from the bin  
Got a castle full of strangers, got a castle of kings  
You can keep your new jester and the diamond ring.

V3

Got a dog, call her shadow  
Tells me I'm doing fine  
Got a dog I call her shadow  
Limping all the time  
She's only got three legs  
But she don't mind

Chorus

Got a fire that's burning, got a fire that sings  
Got a fire now that's burning, lickin' high from the bin  
Got a castle full of strangers, got a castle of kings  
You can keep your new jester and the diamond ring.
